

SKEETER® PERFORMANCE FISHING BOATS BONUS BUCKS

SKEETER BONUS BUCK\$

Skeeter makes the best bream, bass and barra boats for Australian tournament anglers and wants to give back to the hundreds of loyal Skeeter owners nationwide.

To do this, Skeeter is offering \$2,000 in cash to the best performing Skeeter owner across all of the ABT tours!

Join the points race by letting ABT officials know that you're a Skeeter owner at the event briefing – all BREAM Qualifier, BASS Pro Qualifier and BARRA (individual) events count – as well as the Australian Open BREAM event. The AOY points that you earn in that event also

count in the points race and your best four events across the year make up your final score.

This way, anglers across all three major species can compete against each other. If you're a bream guy who fishes a bass event or two, they count. If you're a barra angler who dabbles in bass, then that counts too. The more events you fish, the better your chance of accumulating points.

DOUBLE-UP WITH EVINRUDE

Evinrude E-Tec is the preferred outboard of Skeeter owners, and in recognition of this fact, BRP Australia will **DOUBLE** the Skeeter payout if the winner of the Skeeter Bonus Buck\$ is running an Evinrude outboard.

That's \$4,000 in cold, hard cash if you're running a Skeeter/

Evinrude and end up on top of the pack!

With no scheduled dealer servicing for three years, Evinrude E-Tec keeps you on the water and fishing instead of spending your time and money dragging your boat back and forth to the dealer.

And, there's an Evinrude E-Tec model perfectly suited to every Skeeter boat in the range
